

**Faculty Evaluation Committee  
Annual Report  
2005-2006**

**Chair:** Dr. Lynn M. Stover

**Members:**

Ms. Beth Burnett

Dr. Barbara Fertig

Dr. Pam Harwood

Dr. Greg Knofczynski

Dr. Richard Wallace

Dr. Greg Wimer

Dr. Jane Wong

**Number of Meetings:**

Fall: 1 live meeting and 1 e-mail meeting, and Spring: 1 e-mail meeting

**Accomplishments:**

Over a period of several months, the committee collected data regarding the feasibility of implementing a voluntary online midterm course evaluation. A pilot of this software was recommended. For a variety of reasons, including the unexpected resignation of the Vice President for Academic Affairs, the committee did not implement a piloting of this software. Therefore, a pilot implementation of this software is recommended for the 2006-2007 academic year.

During the spring semester, the committee did not receive a formal charge from the Executive Committee, and therefore, did not meet formally. An e-mail meeting was held to review and solicit input for the annual report.

**Recommendations for 2006-2007**

1. Review the process by which FACE evaluations are processed.
2. Continue the process of implementation of the voluntary online midterm evaluations with a voluntary pilot group of faculty.
